OPG'S ST. LAWRENCE POWER DEVELOPMENT VISITOR CENTRE GOES BATTY

St. Lawrence River Institute and OPG to host bat workshop

Cornwall – The St. Lawrence River Institute of Environmental Sciences (SLRIES) and Ontario Power Generation (OPG) will be hosting a bat workshop on Wednesday, July 22 at the St. Lawrence Power Development Visitor Centre (SLPDVC).

This free, family-friendly workshop will run 7 to 9 p.m. and will feature a special presentation with Dr. Brian Hickey, focusing on the important role bats play in natural ecosystems. A research scientist, ecologist and educator at the SLRIES, Dr. Hickey has studied bats in North America, Mexico and Africa, and is one of Canada's leading authorities on bat ecology.

The Centre is located at 2500B Second Street West in Cornwall and is accessible via the Waterfront Trail.
