To provide breakdown of drug benefits between prescription and over-the-counter drugs for 2005 and 2009.

Response

OPG contacted Great West Life, the claims administrator for OPG's health and dental benefits, and they were able to run a special report on the costs for prescription (Rx) and over-the-counter drugs (OTCs) for the Power Worker's Union for 2009.

2009			
Rx Drugs	OTCs	Total	OTC's as % of total
\$19,808,000	\$761,000	\$20,569,000	3.7%

Because OPG was able to provide the information originally requested for 2009, the proxy information requested for 2005 is not provided.
