

**OPG Response to Matters Under Advisement
at the Technical Conference**

Reference

OPG Technical Conference – May 13, 2008
Transcript Reference – pg 112 line 4

Response

OPG is not able to provide an explanation of the patterns or calculations provided by Mr. Wightman because OPG has not been able to reproduce the values given by Mr. Wightman using the evidence references provided. Specifically, it is unclear which elements from Ex. F3-T4-S1 Chart 6 were backed out.

Any additional questions regarding these calculations should be addressed to the Regulated Hydroelectric panel and the Nuclear Base OM&A and Fuels panel.
